¹ If you are approved for Full Premium Subsidy, you will not pay a monthly premium for the plans with a "Yes" in this column.

² Plans that provide some form of coverage during the period when you typically would pay 100% of your drug costs are indicated by a "Generics", "Generics and Preferred Brands", "Generics and Brands" or "All Formulary Drugs" in the "Coverage in the Gap" column above. To view additional information about the type of coverage available during this period, please click the plan name in the table above and then click on "View important notes and benefit summary" in the window with the plan's information. If you personalize your search by entering your medications, the drug costs during the "coverage gap" will reflect this coverage.

[‡] The organization that offers this plan offers at least one plan in all fifty states and the District of Columbia. Note: The specific plan(s) offered by

this organization may differ from state to state.

¹ Plans that provide some form of coverage during the period when you typically would pay 100% of your drug costs are indicated by a "Generics", "Generics and Preferred Brands", "Generics and Brands" or "All Formulary Drugs" in the "Coverage in the Gap" column above. To view additional information about the type of coverage available during this period, please click the plan name in the table above and then click on "View important notes and benefit summary" in the window with the plan's information. If you personalize your search by entering your medications, the drug costs during the "coverage gap" will reflect this coverage.
